Please Note

Excessive matting will incur an additional \$20.00 for every 15 minutes spent on the service.

Why We Don't Offer De-Matting

At Missy Moos Glamorous Grooming, your dog's comfort, safety and wellbeing are our highest priorities.

De-matting can be extremely painful and potentially dangerous for your dog, which is why we do not offer de-matting services.

If your dog arrives for their appointment with significant matting, the affected areas will be shaved out where necessary, as this is considered to be in the best interest of your dog's comfort and wellbeing.
